

Certificate of Completion

This certifies that the holder of the certificate has completed the test for the [Virtual Workshop: ConQuest to Mercury – From Searching to Data Analysis](#).

In the virtual workshop, we demonstrated how to set up a search of the CSD using ConQuest. We shared tips and tricks on searching in ConQuest and how to define 3D parameters for further analysis. In addition, we covered how to export ConQuest results to Mercury and analyze them with the Data Analysis module.
